Reference

We as the Adler-Schiffe GmbH & Co. KG have been commissioned the KOWAL-Company with the repairing of the pier in Heringsdorf.

The bridge has been damaged by another ship. The KOWAL-Company has taken our order and got busy with the repairing of the bridge.

The following works were carried out:

Repair of the damaged part of the bridge
done into the original shape.

The service was performed able to offer, the repair was done properly and correctly. Therefore we are satisfied.

We have no objections and we are able to continue the cooperation with KOWAL-Company in the future.
